2025

 **MADE IN
BRITAIN**[®]

AUTUMN/WINTER 2025

A/W 2025 is a special one for us, marking a new era with refreshed management, updated colours, and a new packaging look. But one thing remains the same: our commitment to offering affordable, quality, handmade-in-the-UK shoes.

We're so excited to unveil our updated leather colour palette this season. These new shades perfectly complement today's baby clothes, from soft pinks to vibrant greens and blues. Our bestselling appliqué designs have a fresh new look, and we've got prints for every little personality – muted unisex patterns for the newest arrivals, and funky, bold designs for active toddlers!

Packaging

All Autumn/Winter orders will be supplied in our newly designed packaging: white recyclable boxes with navy detailing and a transparent window. The new packaging will offer enhanced protection and improved presentation for our shoes.
